

## LABOR AND EMPLOYMENT

Our experienced Labor and Employment attorneys use their broad expertise to provide proactive counseling to help clients successfully navigate employment-related challenges under the complex federal and California state laws and regulations.

Our clients include start-ups and small and mid-size businesses, as well as national and international companies across all industries. Regardless of the client's size, we pride ourselves on being able to provide efficient and responsive guidance to help our clients avoid litigation. Such representation routinely involves an early evaluation of whether such disputes can be most effectively resolved through mediation, arbitration, or some other informal or formal dispute resolution procedure.

In the event of litigation, our attorneys regularly represent our clients in all California state and federal courts, and administrative agencies such as the Department of Fair Employment and Housing, Equal Employment Opportunity Commission, Department of Labor, Employment Development Department, Division of Labor Standards Enforcement, and Cal-OSHA. Our attorneys are also skilled in arbitration proceedings.

Our services include helping clients address:

- Wage and hour issues
- Discrimination and harassment investigations and claims
- Workplace privacy issues
- Hiring systems and documentation
- Employee discipline and terminations
